5. We will communicate the customs tariff number and the goods description separately in time. In case of non-availability of a customs tariff number we are obligated to determine this independently through the central information office for classification of tariffs in Dresden (Tel.: +49(0)351/44834520 or mail: info.gewerblich@zoll.de). We undertake to make binding customs tariff information available or that which is provided and issued to us at a later time available to the authorised agent without request as well as to inform the authorised agent in time if binding customs tariff information ceases to be valid.
6. Obligations according to foreign trade law are subject to our responsibility. Existing prohibitions and restrictions as well as other restrictions, in particular from customs law as well as international and/or political measures relating to international trade have been complied with.
7. We assume the sole responsibility for the completeness, accuracy and authenticity of all documents and details, which are necessary for the execution of the orders. Koch International neither has to verify, nor supplement this.
8. Koch International has the right to grant sub-powers of attorney.
9. We agree with the use and storage of our data for the purpose of the agreed contractual activities.
